The new website has joined several of its sister sites on the platform with a strong affilaite program powered by the Bolt Affiliates Team, and becomes the thirteenth brand to belong to it. The Bolt Affiliates program works by minimizing the risk that its affiliate brands are exposed to while also offering them tremendous commission revenues and total transparency. Bolt Affiliates has been a great success, having enjoyed substantial growth in the past twelve months, with more brands expected to jump aboard the platform in the year to come.

As the name suggests, Super Mega Fluffy Rainbow Vegas Jackpot Casino is an online slots website that was built for slots players to have fun with. It doesn't take itself too seriously, but that doesn't mean it can't be serious about the phenomenal range of slots and casino attractions that are available to players there. The site has been designed to have a broad appeal, with slots from every theme imaginable only a click of a button away as soon as new players have completed the registration process. The streamlined registration process can be completed in as little as thirty seconds for PayPal customers, and also offers the best available levels of security and protection when handling transactions. As soon as a player is registered, they're free to make deposits into their account, and their first £10 deposit entitles them to take a spin of the website's Mega Reel. Every prize available on the Super Mega Fluffy Rainbow Vegas Jackpot Casino Mega Reel is a prize worth winning, but at the top of the pile is the chance to win a whole 500 free spins on the fantastic 'Starburst' online slots game by Net Ent.

The promotions and incentives at the new website don't start and end with rolling out the red carpet to new players on day one. To help new members feel welcome during their whole first month with the site, all deposits made within the first 31 days of an account becoming active are eligible for double cashback. That starts with a minimum guaranteed cashback return of 1% per deposit, but determined players who are able to climb up the Super Mega Fluffy Rainbow Vegas Jackpot Casino VIP ladder quickly might find that they're getting 20% of their deposits back by the time those first 31 days are over. Other fantastic promotions include chances to win Amazon vouchers, hidden trophies than can appear anywhere on the site and bring players unexpected free spins, 'Happy Hours' promotions where even more free spins are available, and even the chance to win a takeaway dinner at the site's expense.

Climbing the rankings with supermegafluffyrainbowvegasjackpotcasino.com couldn't be easier, and the road is open to everybody, regardless of whether they bet big or small. Every deposit a player makes into their account earns them kudos points. As they gain more and more kudos points over time, the rewards available to them become even better. Their share of cash back on each deposit increases, and so does the number of free spins that come with each deposit of £20 or more. Zeus Gaming greatly appreciates the loyalty of every player who sticks with their online slots site for the long term, and so they make sure that loyalty is rewarded.

The Jumpman Gaming platform that Super Mega Fluffy Rainbow Vegas Jackpot Casino belongs to hosts a well-selected collection of more than 600 online slots, drawn from the best available slots providers and developers on the face of the planet, from Argentina to Sweden, Germany, Australia, the United States of America, and the United Kingdom. cutting-edge video slots to traditional one-armed bandit simulators. The very best work of leading providers such as Pragmatic Play, Blueprint Gaming, Scientific Gaming, Net Ent, Eyecon, High 5 Gaming, Yggdrasil, and many others are available, with more brand new releases made available each and every month. Jumpman Gaming doesn't favour any one provider over another - they simply give each of them a platform, and it's down to players to decide what they enjoy the most!

Super Fluffy Casino has access to the entire Jumpman Gaming range of online slots, it's able to bring that whole variety of styles and excitement to its players. While the library of slots is piled high with some of the most popular online slots of all time, room has also been found for some lesser-known but equally-great slots, including those with unusual themes or unique bonus features. There are even roulette games available if players want to take the occasional break from spinning the reels. It wouldn't be right to use 'Fluffy' in the name of the website if every single one of the 'Fluffy Favourites' slots wasn't available, but the whole cuddly gang and all of their games are contained within the library. Other classics like 'Piggy Payout,' 'Chilli Heat,' and the Irish-themed 'Rainbow Riches' are listed featured on the site's homepage, but if you're a jackpot-seeker, you might prefer to hit the 'jackpot' tab and play big-money slots like 'Mega Moolah,' 'White Wizard,' or even 'Fluffy Mega Jackpot.' Super Mega Fluffy Rainbow Vegas Jackpot Casino offers players the choice, and they're free to play whatever they please.

The owners of Super Fluffy Casino had the following to say regarding the new website’s launch.

"With Super Fluffy Casino, we're putting a strong emphasis on fun slots and good times. We want it to be a place that people can come and enjoy the most entertaining online slots available, and we're confident that the range of slots we've secured for the site offers precisely that.

As exciting and varied as the collection of slots waiting for players on the website is right now, it will continue to expand in the future as we make more and more games available. We can also promise that we'll keep providing fantastic incentives to our players, and going the extra mile with rewards so that everyone who chooses to play with us knows that they made the right decision."
