

'Syn' is the recording debut of Antonio Serio.

Monday 6 March, 2017

Syn, officially released on January 22, 2017 on digital format and cd, is the debut album of **Antonio Serio**, a classically trained artist from Salerno (Italy).

A great passion for *pop*, research and experimentation. These are the elements that already in the 80's led the musician from Campania to explore, through a series of small projects, some musical forms originating from *pop rock*.

Syn includes 8 songs and one instrumental piece. Musically, the record is a clever mix of genres and influences, very far from the classic definition of *pop* music, where the composer's more 'refined' essence mainly emerges.

Masterfully arranged and produced with an abundance of instruments (especially acoustic), *Syn* comes with all those musical formulas alike to a certain introspection and stylistic grace. It goes from *classic rock*, to *folk*, from *post-rock* to *progressive*, going through exclusive and high quality music niches as well.

The lyrics, poised between poetry and elegance, are entrusted to the voice of the American singer and theater performer *Racquel Roberts*.

The album can be purchased by all major digital stores:

iTunes > <https://itunes.apple.com/us/album/syn/id1198797373>

Amazon > <https://www.amazon.com/Syn-Antonio-Serio/dp/B01N38YDL5>

Google Play >
