TabTrade Named Best New Broker at the LeapRate Awards 2026

Wednesday 18 November, 2026

Eight months after opening to clients, TabTrade has been named Best New Broker by LeapRate, the forex and fintech industry news site.

TabTrade, a global forex and CFD broker with zero average spreads on major forex pairs, has won Best New Broker at the LeapRate Awards 2026. LeapRate announced the winners today on LeapRate.com.

TabTrade opened to clients on 12 March 2026. Since then TabTrade (Mauritius) Ltd has been granted an Investment Dealer licence by the Financial Services Commission of Mauritius, and the broker has launched TabTrade Social copy trading, Swap-Free accounts and MAM and PAMM accounts for money managers. It became the first broker to integrate with the TradePoints loyalty programme, and its Edge account was measured by Datalyst at an average of 0.04 pips across the major currency pairs.

“We set out to build the broker we would want to trade with ourselves, with spreads someone else measures and a team that picks up the phone,” said Benjamin Boulter, Founder and CEO of TabTrade. “Being named Best New Broker eight months in tells us the industry has noticed. There is a lot more coming before our first anniversary in March.”

Trading CFDs and forex on margin carries a high level of risk and may result in losses exceeding deposits.
