Tuesday 22 October, 2013

Leading accountants for entrepreneurs Tayabali Tomlin, based in the Cotswolds, have won the 2020 Innovation Award for the Most Innovative Medium-Sized Accounting Firm in the UK and Ireland as announced at the 2020 15th Annual Gala Awards Dinner held at the Hilton Metropole in Birmingham. The award was presented by Stuart Lancaster, Head Coach of the England Rugby Team, in front of an audience of over 500 people.

The 2020 Innovation Awards celebrate success and achievement across the accounting profession with particular emphasis on innovation and creativity. The 2020 Group is the leading membership organisation for helping progressive accountants and tax professionals throughout Europe, North America, Africa and Australasia. Established in the 1990's 2020 recognised that historical compliance services were likely to be limited growth areas for accountants and that progressive firms would need to offer their clients more futuristic value-added services. For that, new tools and ideas would be needed. They realised that firms would need to improve their marketing and efficiencies and embrace new technology.

Ian Fletcher managing Director of 2020 Innovation said: "This year, it has been a particularly difficult decision. We have had a record number of entries and the standard was very high".

Tayabali Tomlin partner Aynsley Damery said: "We were so thrilled to win this prestigious award. To be recognised as one of the most innovative accounting firms in the UK is great validation of the way we do business ... helping entrepreneurs to grow, make more money and plan for exit. It's also wonderful recognition for the hard work put in by the entire team."
