

The Independent Calls SocialBox.Biz “Hero Innovators and Change Makers in 2021”

Friday 12 March, 2021

London, the UK, March 15, 2021: SocialBox.Biz, a digital inclusion platform that works to find old, outdated, and unneeded laptops, and rehome them to those in need with open source software, this week received an international shout out from The Independent Newspaper for spearheading happiness during this challenging time.

Touted as “Hero innovators and change makers in 2021,” as a testament to their Laptops for the Homeless and Elderly Initiative, SocialBox.Biz is proving what’s possible when companies and organizations come together to better society.

“Digital inclusion has become paramount, and we all need to be part of the conversation,” said Peter Paduh, Founder of SocialBox.Biz. “We want to thank all the business heroes that joined our initiative during this challenging time.”

SocialBox.Biz is inviting additional organizations to release their old tech to their life-changing program.
