The Luxury Property Show is coming! London, Olympia 27-28 October

Wednesday 20 September, 2017

Once an investment niche, luxury property is now a rapidly growing market with recent data from Christies International Real Estate revealing the world's top ten reported property sales were all priced above $100 million for the first time in the year to May 2017. Riding the wave of excitement surrounding this emerging market, the Luxury Property Show returns to London Olympia this Autumn – headed by ever-knowledgeable Director Eddie Sikora.

The show, now in its 11th year, runs from Friday 27th to Saturday 28th October and will play host to more than 50 exhibitors from around the world presenting investors with opportunities ranging from Mediterranean villas to beachside apartments in Thailand via alpine retreats in Northern Europe to luxury lofts in New York.

The exhibitors and sponsors list is long and distinguished as usual, and includes St James Place Wealth Management, Remax, Almanzora, Baker Woods, Mansion Global, Yamaha Music, Corcoran Group, Prime Properties, the International Property Awards and many more.

Alongside a wide range of exhibitors and stands the show also includes an in-depth schedule of seminars offering real world investment advice for investors ranging from those exploring the market for the first time, to seasoned professionals with global portfolios. The seminars will tackle key questions around the market including where to find the next global property hotspot to how to mitigate political risk and uncertainty. Among those delivering seminars are key industry figures and property funds.

As one key sponsor explains: "We live in a globalised world and leading investors increasingly recognise this, and build investment strategies appropriately. By taking a big picture approach – and factoring in the political and economic trends that can impact property values – those willing to do their research can make some healthy returns.

"Events like the Luxury Property Show have an increasing role to play in sowing the seeds of this market, and are a great opportunity to bring together some of the sharpest investment minds under one roof."

Commenting ahead of the show, Eddie Sikora, Director of the show said: "Investing in property has always been a good option and, over the long-term, property investments continue to outperform other asset classes.

"With many domestic markets saturated however, and housing becoming an increasingly political concern, investors now are looking globally and focusing attention on the more exclusive end of the market – which carries less risk and where returns can be greater. Our show at the Olympia has gone from strength to strength on the back of this trend and we expect this year to be our biggest yet, bring investors and opportunities together to explore the potential of this market."
