The SUNDAY TIMES Virgin Atlantic Fast Track 100 League Table Recognizes Phenomenal Growth in Medical Tourism

Monday 7 December, 2020

Medical tourism's extraordinary success has been recognised by the **The Sunday Times Virgin Atlantic Fast Track 100 League Table**, seeing **Longevita placed at 31st in Britain's top 100 private companies** with the fastest growing sales in the last three years. This remarkable achievement demonstrates the public's desire for safe, expert, highly qualified cosmetic surgery at competitive prices. Longevita, specialists in medical travel, are celebrating a phenomenal success with a three year CAGR of 74.37% in sales.

Having completed around **10,000 medical procedures on UK patients** over the last three years, the Longevita medical team in the UK and Turkey are delighted to have been recognised in such an esteemed list. The company is headquartered in London, with offices in Istanbul in Izmir. **Patients from the UK, Ireland, USA, Canada, France and Australia** consult with the Longevita team pre-procedure and for ongoing aftercare. If appropriate, the patients are referred to qualified surgeons who perform hair transplant, plastic surgery, cosmetic dentistry and eye surgery at internationally accredited private hospitals in Turkey.

In order to make the process as convenient and enjoyable as possible for busy patients, Longevita also has affiliate dental imaging centres around the UK in cities including **London, Manchester, Birmingham, Leeds, Bristol and Nottingham**. Patients can get their x-rays taken for free in these centres for the most accurate treatment planning before they travel to Turkey.

From start to finish patients can trust that they are in safe and experienced hands who will responsibly take them through the entire process. Satisfied patients have left **over 1500 excellent reviews** for Longevita on independent online review platforms.

Longevita also offers a range of non-surgical procedures in Central London, including Botox, Fillers, Non surgical Nose Jobs, Non surgical Facelifts and PRP Injections.

It is this high level of convenience, quality and expertise which has marked Longevita out amongst the competition, and made them the first choice of those patients looking to travel for medical procedures. The outstanding growth of the business is testament to the seamlessness of the service they offer and the qualifications and experience of their medical practitioners.

Founder and CEO Kagan Seymenoglu said; "I would like to thank our patients who made us their top choice for medical travel to Turkey, all our medical and non-medical teams in London, Istanbul and Izmir for their hard work. We have seen consistently increasing demand for Longevita services despite the COVID-19 pandemic where travel restrictions, lockdowns and quarantine rules were widespread across the globe. This is an excellent recognition that UK patients are seeking quality but affordable medical procedures so we are happy to assist them with our **#bethebestversionofyourself** motto."

Following the exciting announcement that Longevita has made it into The Sunday Times Virgin Atlantic Fast Track 100 they will be presented with an award at a ceremony in May 2021 with the attendance of **PM Boris Johnson, Chancellor of the Exchequer Rishi Sunak and Sir Richard Branson** along with their fellow Fast Track 100 companies including Huel, Gymshark, Boxpark, BrewDog and more.

Fast Track has published league tables of the UK's top-performing private companies with The Sunday Times for the past 24 years. Companies were ranked by the compound annual growth rate in their sales over the last three financial years. They had to be registered in the UK and be independent, unquoted and ultimate holding companies. Annualised sales had to exceed £250,000 in the base year and £5m in the latest year, and an increase in sales from penultimate to the latest year was required. Firms had to have 10 employees or more, and make an operating profit of at least £500,000 in their latest available

accounts. The research was carried out by Fast Track in 2020 between August and November. Most of the companies were interviewed by telephone or video calls by the Fast Track research team.

Longevita is the **one and only medical tourism company** in this year's league table.
