THE WORLD’S FIRST ANNUAL TEFL FACTBOOK

Teaching English as a Foreign Language (TEFL)

The field of TEFL represents one of the fastest growing education fields in the world and presents thousands of excellent professional opportunities for teaching English abroad in all corners of the globe to native and fluent English speakers who earn their TEFL certificate. The TEFL Academy has created a unique TEFL Factbook of teaching English abroad guides in over 100 countries to help TEFL teachers decide where in the world to teach English. Each country profile outlines everything a TEFL teacher would need to know including average pay, living costs, working environments and even the weather!

From the bustling favelas of Brazil to the hyper-modern riches of Dubai, TEFL really is a world of opportunities and it’s so important to provide TEFL Teachers with one comprehensive World TEFL Factbook with all the essential information they need to teach English in whichever country they choose.

With so much information available on the Internet it can be difficult for TEFL teachers to know the full facts. This is why our team of researchers consisting of expert TEFL trainers at The TEFL Academy have pulled information from a variety of authoritative sources to create this definitive guide to teaching English around the world.

“This definitive guide is so beneficial to TEFL teachers since it covers all the key facts, they need to know in deciding in which country to teach English”- Rhyan O’Sullivan, The TEFL Academy’s Managing Director.

The World TEFL Factbook will be updated annually to ensure it’s always up to date. Finally TEFL teachers throughout the word have an authoritative guide on teaching English overseas!

The TEFL Academy’s annual World TEFL Factbook is available to download from The TEFL Academy’s website at www.theteflacademy.com/tefl-factbook.
