

The world's first wallet with a ray of light

Thursday 1 July, 2021

Exquisite wallet meets bright torch: With Lite Wallet, Ledlenser presents a clever everyday companion in pocket format

Finest leather, plenty of slots for cards and banknotes, an RFID blocker and, as a special highlight, an amazing Ledlenser quality LED light with up to 150 lumens of brightness. What more could anybody desire.

In the stylish Lite Wallet, Ledlenser combines a wealth of features that make everyday life just that little bit easier. The integrated Ledlenser light bathes everything in clean, bright, homogenous white light even when on the move. Up to three cards (eg driver's license, loyalty card, etc.) can be stored clearly arranged in the pockets and remain easily accessible. A further six cards can also be stored in a RFID-protected compartment. This elegant accessory is available in eight different fine leather colours.

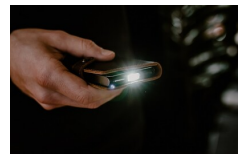

The perfect everyday carry light that is ideal to show the way to the door in the dark or illuminate any dark spots. Despite its miniature size, the powerful LED light features two light intensity options. On Power setting the precise optics ensure superb illumination with a brightness of up to 150 lumens meaning it outperforms conventional smartphone lights. Alternatively, a light intensity of ten lumens can also be set. The high-quality L-ion battery provides up to twelve hours of light before it needs fresh energy again. It can be easily charged using the USB-C cable provided or at a Wireless Charging Station (not included).

The light is the heart of the exquisite housing which is made of brushed stainless steel. With an integrated RFID blocker, it also protects credit and bank cards from data theft. Up to six cards can be stored here in a well protected place. The leather case offers additional slots for further cards and also an elastic clip for banknotes.

The light weighs only 115 grams and cuts a fine figure with its slim dimensions of 96.5mm length x 74mm width x 24mm height - even in a trouser or handbag.

Lite Wallet is available from www.ledlenser.co.uk at an RRP of £59.95 including VAT.
