

## Three OSM Pi?tnica products recognised at Great Taste 2026

Monday 10 August, 2026

Three OSM Pi?tnica products have received stars at Great Taste 2026, the UK food and drink awards programme organised by the Guild of Fine Food. The award-winning products were Pi?tnica High-Protein Raspberry Drinking Skyr and two products sold under the international Dairly brand: Dairly Cottage Cheese and Dairly Whipped Cream Cheese.

**Warsaw** - Pi?tnica High-Protein Raspberry Drinking Skyr and Dairly Cottage Cheese each received one star, while Dairly Whipped Cream Cheese was awarded two stars.

Pi?tnica High-Protein Raspberry Drinking Skyr achieved a particularly notable result, as it was the only skyr to receive a star at Great Taste 2026.

Products entered into Great Taste are assessed through blind tastings, without packaging or any information that could identify the brand. Taste is the main criterion, while the judges also consider aroma, texture, balance of flavours, the quality of the ingredients and the overall impression.

One star is awarded to products that deliver very good flavour. Two stars recognise products that stand out for their outstanding flavour, while three stars are reserved for products judged to be exceptional.

The judging panels include food and drink experts such as chefs, food critics, buyers, retailers and food producers. As the tastings are conducted blind, the results are based entirely on the qualities of the product rather than brand recognition or packaging.

The awards reflect OSM Pi?tnica's consistent focus on milk quality, carefully selected ingredients, and the taste of its finished products. Particular recognition goes to Dairly Whipped Cream Cheese, which received two stars, a distinction reserved for products that clearly stand out in terms of flavour.

### About OSM Pi?tnica

OSM Pi?tnica is a Polish dairy co-operative offering a wide range of products, including cottage cheese, skyr, yoghurt, curd cheese, milk and cream. Its products are available in nearly 30 international markets.

Pi?tnica works with around 2,000 dairy farms, located mainly in north-eastern Poland, a region known for its extensive green areas and long tradition of dairy farming. Direct relationships with milk suppliers and regular monitoring of raw milk quality enable the co-operative to monitor the quality of its milk from the very beginning of the production process.

Every batch of raw milk is tested, and quality is monitored throughout the production process. Finished products are also assessed for characteristics including taste, aroma and texture. Pi?tnica combines high-quality milk with carefully selected ingredients, with a strong focus on product safety and consistent quality.

### About Dairly

Dairly is OSM Pi?tnica's international brand, created for consumers looking for dairy products with good taste, simple ingredients and consistently high quality.

The brand draws on OSM Pi?tnica's production experience and technological expertise, while developing a range tailored to the needs of individual international markets. The name Dairly is inspired by the phrase "Your daily dairy" and reflects the everyday nature of the brand's products.
