TopUp Consultants expand Development Team by recruiting Business Intelligence specialist

Thursday 25 February, 2016

- TopUp Consultants are EMEA's largest Independent Real Estate Property Technology (PropTech) Consultancy
- Pavan Belenge's arrival is the latest of a number of new appointments to the UK based Development Team
- Pavan's role will support TopUp's in-demand Business Intelligence and data visualisation services

LONDON February 25, 2016. TopUp Consultants are pleased to announce **Pavan Belenge** as the latest of a number of new appointments in their UK based Development team.

Pavan has joined TopUp's much in demand Business Intelligence and data visualisation team. He is a highly accomplished software engineer who has in-depth experience of core technologies such as Tableau, SSAS and Business Objects.

Pavan has gained expansive knowledge whilst working for companies such as JP Morgan Global Real Asset, Indecomm Global Services and NetApp. He is set to contribute his high level of experience with Microsoft Technologies and Business Intelligence systems to the team as well as reporting tools which includes SQL Server, SSIS, SSRS, SSAS, Visual FoxPro, Excel Macros and MS Access.

“I decided to join TopUp because of its excellent reputation within the global Real Estate industry and I felt it would be a great place to gain knowledge in functional areas. I'll be able to build upon my existing skill sets, whilst putting my past experience to good use,” comments Pavan. “The work is challenging but my team is very supportive and clear about what has to be done. I am really excited about where the company is heading and how I can make a difference to its global success.“

TopUp's development team, based at their Global Operations Centre in Kent, has seen an increase in demand over the past 12 months, which has resulted in the team doubling in size.

About TopUp Consultants
