TWC IT Solutions signs a three-year partnership with Barnet FC to become the Club's Official IT Partner

Wednesday 29 September, 2021

London, England - September 2021: TWC IT Solutions, one of London's leading IT service providers, has proudly partnered with Barnet FC, combining world-class, strategic leadership with Barnet's ethos to work with and become the heart of the community and help both local people and businesses.

TWC IT Solutions and the Club has recognised that over the last two years it has become increasingly important to care for local communities and reunite the nation. TWC hopes that their support will further provide opportunities for the development of Barnet FC and the players.

Paolo Sartori, Managing Director of TWC IT Solutions said:

"This is a really exciting partnership for TWC IT Solutions. It offers us the opportunity to help the local community, define and establish our footprint in football by supporting young footballers' development. By entering into this strategic alliance, we believe it will enable us to demonstrate some of our core principles, namely delivering first class support with integrity at all times."

Anthony Kleanthous, Barnet's FC Chairman said:

"Barnet FC is proud to add TWC to its prestigious stable of Club partners. The Hive Stadium utilises cutting edge systems for networking, CCTV and data technology, and these systems have to be operative 24/7. The appointment of TWC is acknowledgement of their proven track record in maintaining these systems, so that we are able to deliver the quality service both customers of The Hive and supporters of the Club deserve. We would like to welcome Paolo and his team to the fold and look forward to a long and successful association."
