Editor's notes

Divine chocolate is made with the finest quality Fairtrade cocoa beans from Kuapa Kokoo, a co-operative of smallholder farmers in Ghana. The cocoa is grown in the shade of the tropical rainforest, and slowly fermented and dried in the sun by the farmers, who take great pride in the chocolate company they co-own.

Divine Chocolate Ltd is the only Fairtrade chocolate company that is also co-owned by cocoa farmers. Kuapa Kokoo, a co-operative of 65,000 cocoa farmers in Ghana, benefit not only from the Fairtrade premium on the sale of their beans, but also receive a 45% share of Divine's distributable profits giving the farmers more economic stability, as well as the increased influence in the cocoa industry company-ownership brings

All Divine products carry the Fairtrade Mark. This is an independent guarantee certified by the Fairtrade Foundation that the ingredients are sourced under internationally agreed fair trade terms and conditions. These include a guaranteed, secure minimum price, an extra social premium payment for the farmers to invest in their own community programmes, long term trading contracts, decent health and safety conditions – all aimed at empowering farmers to make their own improvements to living standards and prospects for the future

The UK chocolate market alone is worth approximately £3.98 billion a year (Mintel, 2012): if Fairtrade products can capture even a small proportion of that market, producers in developing countries gain real benefits.
