TYGRIS Partners with Innovolo to Deliver Lubrication Solutions to Reduce Downtime and Improve Efficiency

Monday 27 June, 2022

ST AUSTELL, CORNWALL (15 June 2022) – **TYGRIS, a global supplier of leading lubrication and associated products for various industries, has formalised a partnership with Innovolo Ltd, which provides end-to-end product development and innovation services.** This partnership will help TYGRIS meet its 2030 strategic vision and continue to lead innovation in the food processing industry.

TYGRIS has a strong track record of developing and bringing new products to market, focusing on their clients' process improvement and efficiency gains. Their focus on efficient application procedures reduces downtime and cost while maximising the protection of valuable capital equipment.

As part of the deal, TYGRIS will be able to utilise Innovolo's comprehensive systematised R&D capabilities, its global supplier network, and its product development expertise. In return, TYGRIS will be able to introduce new products to the market, giving it a competitive advantage in the marketplace.

"TYGRIS is a market leader in specialist lubrication and protective associated products, and they're always looking for new ways to innovate. After several years of working with Innovolo, they recognised that a more formal partnership with Innovolo would give them access to best-in-class product development expertise, and the ability to bring new products to market faster. We're excited and honoured to be working with TYGRIS and looking forward to helping them meet their ambitious 2030 strategic vision," said Robin Pallister, Managing Director at Innovolo.

"Innovolo has been a trusted service provider of TYGRIS for several years, and we're excited to formalise our partnership with them. This collaboration will help us continue to innovate and lead the way in the industry," said Jed Simpson, General Manager at TYGRIS.

Innovolo offers a full suite of product development and innovation services, from idea generation and feasibility studies to product design, prototyping, testing, certification, manufacturing, and commercialisation. Services are provided on a project-by-project basis, as part of an ongoing innovation programme, or on-demand as needed.

About TYGRIS

TYGRIS is a leading supplier of innovative cleaning, lubrication, and protective solutions to a broad spectrum of industry sectors. Their focus on reducing downtime and improving efficiency for their clients since 1971 has guided their journey to date, and further cements their commitment to revolutionise the industry.
