

UK Car History Check Resource Launched by PublicRecordSearch.co.uk

Wednesday 21 April, 2021

PublicRecordSearch.co.uk Has Released an Online Vehicle Record Resource

This new online resource details how to run a [UK Car History Check](#), outlining the various important categories to focus on and why it's a best practice procedure to obtain this information before purchasing any used car in the UK. The resource is free. This online resource also breaks down the nuances of a car history check into four categories: England Car History, Scotland Vehicle History, Wales Car History, Northern Ireland Vehicle History. An executive at PublicRecordSearch.co.uk said, "The value of running a car history check before buying a used car is invaluable."

The following is information that can be obtained in a car history check:

- The make and model of the car
- The transmission and number of gears
- The fuel type
- Engine capacity and number
- Year of manufacture
- Date first registered
- Any outstanding finance
- Number of previous owners
- Recorded mileage
- If it has been reported stolen

These are key components that are important to look at when purchasing a used car in the UK and PublicRecordSearch.co.uk now has an online vehicle record resource that can be accessed by anyone with a computer or smartphone and an internet connection.
