

UK Run Clubs Launches Free Directory to Help Runners Find Local Clubs and Races Nationwide

Sunday 2 August, 2026

UK Run Clubs (ukrunclubs.com) is the UK's most comprehensive free directory for discovering running clubs and races across the country.

The platform currently lists over 460 verified running clubs and nearly 3,000 upcoming races, with new clubs and events being added regularly as the running community grows. This makes it easier than ever for runners of all abilities to find groups in their area — from beginners looking for their first Couch to 5K group to experienced marathoners seeking new challenges.

Unlike existing resources that are fragmented across governing body websites, social media, and word of mouth, UK Run Clubs brings everything into one continuously updated, searchable platform. Runners can browse by city, region, or race type — including marathons, half marathons, 10Ks, 5Ks, and trail runs.

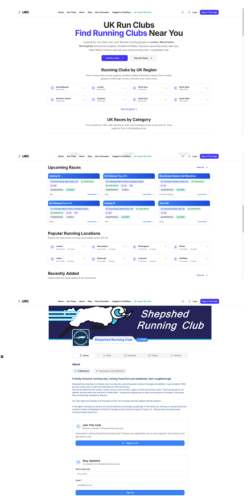

"We built UK Run Clubs because there was no single place to discover what's available near you," said the founder. "Whether you're a runner looking for a local group or a club wanting to reach new members, the platform is completely free to use. As the running community grows, so does the directory."

Running clubs can sign up to be listed on the platform at no cost, giving them visibility to thousands of runners searching for groups in their area.

Key features include:

- Searchable directory of 460+ running clubs across all UK regions, growing regularly
- Race calendar with nearly 3,000 upcoming events, updated as new races are announced
- City and region pages for local discovery
- Free for runners to browse and free for clubs to be listed
- No sign-up required to browse
