Vivid Bike Co. proudly announces their first electric bike launch in the near future

Sunday 5 August, 2018

London, UK -- July 18th 2018

Today, Vivid Bike Co., among the most innovative and disruptive electric bike producers aiming to bring best biking solutions to everyone proudly announces their first electric bike. The company will be launching their electric bike on Indiegogo on July 20th. Vivid is truly the first high quality electric bike on the market with an affordable price, that allows everyone to feel the joy of riding. Starting at just $799 for the early bird special, vivid bike has three different models suitable for different groups of users under different situations.

The vivid e-bike is equipped with quality components such as Bafang mid-drive/rear-drive Motor, powerful Samsung battery, Tektro hydraulic disc brake with power-cutoff, Bafang LCD Display, Shimao Alivio 9/21 gear, and Zoom Seat Suspension. The Bafang electric system delivers strong and accurate power assistance at five different levels. Combined with the elegant design and an advanced manufacturing process, the bike is a great everyday companion for people to commute, exercise or explore nature.
