

Vue Entertainment signs a maintenance and service agreement with Veritek Global Ltd.

Wednesday 21 December, 2022

[Veritek Global Limited](#), a digital cinema maintenance specialist, is pleased to announce a contract with Vue Entertainment to provide onsite service and preventative maintenance, NOC (Network Operations Centre) support, spares, and consumables management across Vue Entertainment's entire network of 91 locations and representing 861 screens.

As a result of the maintenance partnership with Veritek Global, Vue Entertainment can enhance cinema goers' experience with reliable projection, razor-sharp images, and high-quality sound.

Beyond that, the maintenance contract with Veritek ensures Vue Entertainment reduces additional costs associated with poorly functioning equipment.

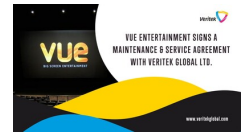

"We are excited to help Vue Entertainment maximise the big screen experience. Most importantly, to deliver memorable movie experiences," said Veritek Global Account Manager Marcus Sirah. "Beyond that, we're looking forward to cementing our partnership and keeping Vue Entertainment's equipment operating smoothly and efficiently for longer."

[Veritek Global supports digital cinema operators](#) with field engineering service partnerships that maximise functionality and uptime by keeping cinema equipment, including projectors, media blocks, and servers, operating to OEM specifications.

About Veritek Global Ltd

Veritek Global Ltd is headquartered in Sussex and provides European-wide field engineering service partnerships that help OEMs scale after-sales service operations and enhance customers' experience. Services include installation of finished products, maintenance, repair, and recycling. Sectors Veritek supports include medical, ophthalmic, digital cinema, photo imaging and print and graphics.
