Warwick based Practical Education Organisation ~ Roots to the Future ~ starts Roots Grotto.

Thursday 1 December, 2022

Roots to the Future has put out a mass appeal for unused items, that can be wrapped and given to families who are currently struggling with household bills and inflation across the board. We are also asking for items that are going to be of direct benefit to those unfortunate enough to be sleeping rough at this time of year.

We are deeply saddened to see that more families than ever are finding this winter tough with the rising cost of living. Parents are having to cut costs on basic essentials such as food and heating just to make ends meet.

The reality here is that many children will go without a single present this year as many parents just cannot make the pennies stretch far enough.
For this reason, we are organising a Christmas Present Appeal, whereby we will be taking donations, wrapping them up, and helping local families in need. We would love to take away some of the stress for families this Christmas, putting a smile on children's faces with a simple spoonful of kindness!

We would be so very grateful to have your support in this appeal and would love to accept any donations of toys, gifts, toiletry sets, games, scooters, bicycles, electrical items, etc so that we can wrap up and pass them on to local families in need at this time of year. We are seeking presents for boys and girls, men and women, of all ages.
For those who wish to donate, or receive, please visit the website rootstothefuture.co.uk and go to the tab named Roots Grotto where you'll find more information on how to get involved. There will even be a chance for you to help with wrapping in our Christmas Workshop!
We will do our very best to make this a Happy Christmas for many more families this year.
