WAS THE FAILED ASSASSINATION ON TRUMP AN ATTEMPT TO STOP HIM RELEASING THE TRUTH ABOUT UFOS?

Award winning film-maker Mark Christopher Lee who last film God Vs Aliens premiered at the Cannes Film Festival in May was shocked by the recent assassination attempt on former president Donald Trump.

He adds:

"It's sounds a bit out there but I do believe that this attempt may have been due to the fact that if elected President again Trump would release the full truth about UFOs. He's already said he would release all the files on the JFK assassination, and I believe that in those files will be evidence that both JFK, and his lover Marilyn Monroe, were murdered due to them both wanting this information released to the public."

Lee's new film The Cosmic Joker - looks into the reality of the UFO experience - and proposes that we aren't being visited by physical beings from another planet, but that we are living alongside another higher intelligence, possibly in another dimension, that occasionally interacts with us.

This intelligence can change its appearance to adapt to our evolving culture. In the bible we can see these beings as Angels or Demons, they later morphed into fairies and now in our technological age they now appear as UFOs and aliens.

Lee adds:

"The truth is far more bizarre and weird and I guess those who control this - most likely a secret compartment of the US Military maybe the Collins Elite - know this truth and believe that the public would not be able to handle it. They could handle other life-forms from other planets that are physical beings but I doubt they could handle an inter dimensional intelligence that exists in some other form of reality. Maybe Quantum Physics will eventually be able to prove this eventually."

There is the theory that Marilyn Monroe, after being jilted by the Kennedy brothers, threatened to go public about UFOs after she learned the truth from them. Author Nick Redfern proposed this theory in his book - Diary of Secrets: UFO Conspiracies and the Mysterious Death of Marilyn Monroe. Redfern had access to a secret document dated 2 days before hear death which stated that Marilyn was going to do a press conference where she would tell the world what she knew about Roswell and the UFO experience.

Donald Trump declared in 2023 on his Truth Social platform:

"When I return to the White House, I will declassify and unseal all JFK assassination related documents, It's been 60 years, time for the American people to know the TRUTH!"

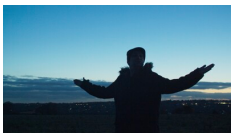

He also made the same declaration before in 2016 but failed to do so when in office with some saying he was scared off by the CIA and FBI. Did those who hold this knowledge go one step further this time?

The Cosmic Joker is streaming on Tubi in the US and Canada and worldwide on Youtube
