Friday 8 September, 2017

UK citizens now have new options for safe, premium quality payday loans from a trusted direct lender.

Western Circle Limited have years of experience in the online payday loan market. They created the Cashfloat.co.uk brand and brought it into the spotlight as a responsible and moral lender who makes use of ground-breaking technology to provide the best possible loan experience for borrowers.

Through their work in the field, WCL has identified specific groups of people who would benefit greatly from specialised loans; those with poor credit, and those who are under time pressure. They have therefore stepped in to provide a premium quality solution via two new websites: PaydayLoansNet.co.uk and QuickLoansExpress.co.uk.

“We’re not just another payday lender. We want to provide the best short term credit options possible to UK citizens, and our new websites do just that. If you’re under pressure to obtain the money fast, Quick Loans Express may be able to offer you a no-fuss instant payday loan. If your credit history has some issues, you can still apply with a trusted direct lender, Payday Loans Net. At Western Circle, we want to be here for you in every situation,” says Jeremy Lloyd, CEO at Western Circle Limited.

PaydayLoansNet.co.uk

Many people have some issues on their credit file, but don’t want to compromise on the quality of their loan. Payday Loans Net is designed specifically for these situations, allowing people with bad credit to apply to a trusted direct lender for a payday loan they can rely on.

QuickLoansExpress.co.uk

For urgent money needs, Quick Loans Express is the new option on the market. This website is optimised for speed but without compromising on quality or safety. Their uniquely-designed advanced technology can make loan decisions in up to 90 seconds, with fast funding on approved loans. The loan terms are simple and straightforward, making QuickLoansExpress.co.uk a solid choice for someone who needs the money as soon as possible.

Western Circle Limited has a goal to revolutionise the payday loan market, and the launch of these two new websites is a big step in the right direction.
