Who was Joseph - Jesus' father?

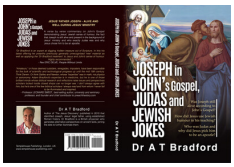

Wednesday 13 November, 2019

Jesus' father was the single most important man in Jesus' life. Who was Joseph? Was he dead, as many scholars say? Why is he conspicuous by his absence?

Dr Bradford's original new research reveals that Joseph was alive and well and present in the background of Jesus' ministry, working for the Romans around their fortification of a Galilee under threat of a repeat Parthian invasion .

Dr Bradford also reveals who Judas Iscariot was in Jewish society - the very reason Jesus chose him as an Apostle.
He also demonstrates Jesus and John's fantastic (Jewish) sense of humour.
