

Wifi in holidays home in Spain with Easymifi, wifi rental in Spain, for the tourist to feel like home.

Monday 5 May, 2014

Easymifi offers unlimited mobile internet in Spain without roaming to a final client and partner options to companies interested in distributing their products in origin countries.

If you've rented a villa or an apartment in Spain for these holidays and you have not wifi included, don't worry, with easymifi: **Wifi rental in Spain** you can enjoy unlimited internet 24h for up to eight devices (smartphones, tablets, laptops, etc.), at anywhere in the Spanish territory , this way you can keep your technological habits and your family or friends.

By having unlimited connection you'll be able to watch television and the programs of your country; check your mail if you can not disconnect from work; keep in touch through Whatsapp , Viber , Skype, FaceTime ; consult social networks: Facebook , Twitter, Google+ ; as well as preparing your touristic tour with Google Maps or find a good place to eat . All of this without roaming charges and for less than 5 € / day.

Prepaid wifi in Spain easymifi , is the best solution for your holidays in Spain because besides having internet in your holidays home thanks its 20 m coverage , you could also bring it in your pocket and use it for 24 hours wherever you go ; car, train, or on the beach, museums...

The easymifi team manages to deliver **portable Wifi for travellers in Spain**, to your apartment, villa, hotel, etc., located anywhere on the Peninsula or in the Balearic and Canary Islands. Easymifi has a Partner platform with different options for companies interested in commercialize their services in countries of origin.

Foreign applicants of holidays rentals in Spain are mainly British, German, Italian, Scandinavian and American and are growing in these moments coming from Russia. Spain is, after the U.S. and France, the third worldwide destination in demand.
