Winner Poker’s new release with added mobile capacities.

Tuesday 17 September, 2013

Winner Poker has just released a new version, with special emphasis on their VIP service and are proud to announce their new app for iPhone and Android.

Winner Poker is proud to announce the new version of their already hugely popular Poker website.

New features are an upgraded VIP section, a complete revamp of the website and a fresh and eye catching new design and a fantastic app for mobile players.

Winner Poker is now also available on mobile and it is the first poker room in the iPoker network. The app can be downloaded onto any Apple or Android smart-phone or tablet and features the new great design and two great versions of speed poker too.

The head of poker, Nicholas Plotnek stated: “A lot of are players are always on the go and to accommodate that market, we wanted to produce a way to enjoy the poker, that is able to offer the same quality.

The increase of players playing on mobile has become a real game changer in the market, and Winner Poker is happy to have an excellent app in this increasingly important market that offers an easy-to-use experience while including the same great Poker experience.

Winner Poker’s increased capacity on their mobile platform, in form of their new app for iPhone and Android gives our players the choice to enjoy playing their poker on their computer, smartphone or tablet.”

New to mobile is the speed poker games, where players can play Texas Hold'em and Omaha Hi Poker at high speed with just the swipe of their finger.

Playing head to head against millions of players from around the world right on their mobile device. Including added features like Quick Seating to enter tournaments and buy in to your favourite tables with just a single click is now possible and something Winner Poker was eager to embrace.

New players are welcomed to Winner Poker with a 250% first deposit bonus up to $2000. Even new mobile players. This welcome bonus is one of the highest in the industry.

The Winner Poker website features an upgrade to the VIP section. There is now a VIP mini site which emphasises Winner Pokers commitment to providing their VIP players with the best poker experience, great presents and tournament entries.

The new fresh and crisp design and the images of the new website highlights the dedication of the Winner Poker team to provide a great unforgettable experience for their players.
