

Winner Sports Signs Streaming Deal With At The Races

Tuesday 22 October, 2013

Any player who now places a bet on any UK or Irish horse race, can now follow the race live via live stream on the website.

Punters at [Winner Sports](#) can now watch every race in the UK and Ireland that they place a wager on.

The live stream option is now possible after Winner Sports struck a deal with At The Races and Racing UK and appears on the race card or as a pop-out window.

Winner's head of sport stated that this development will enhance the betting experience of every punter. Being able to watch your bet live and direct is part of the continual upgrading of improvements and additions that we are adding to our platform. There are exiting times ahead as we add more features, promotions and new developments to the sports book while continuing at betting experience.

Alongside acquiring a live stream for the racing and adding improvements to the website, Winner has recently held several market leading offers for horse racing and football markets. For example: In the Cesarewitch race, Winner Sports was paying 1/4 the odds each-way on the first 6 horses.

Winner Sports has been offering the top industry price on all first goal scorers in all Premier League matches shown by Sky Sports. The multiple insurance promotion is also the market leading offer, as it offers a money back insurance if one result lets the punter down in a 5 or more accumulator.

A new horse racing promotion is now also available. When a punter places a bet on a 7/1 starting price selection, and their selection wins, Winner will add 10% on top of their winnings.

[New players at Winner](#) receive a welcome offer in the form of a matched bet. Players who deposit between £5 and £25 get a free matched bet of the same value.

Editors notes:
