Yorkshire Haulage Firm Increases Operating Hours to 7 Days a Week

Friday 17 March, 2023

Yorkshire based Haulage firm, Braithwaites Haulage, are now operating 7 days a week due to a greater demand for their haulage services.

Although they're based in Yorkshire, Braithwaites Haulage operates throughout the entire breadth of the UK, delivering decorative gravel and building aggregates to customers and businesses.

Braithwaites Haulage has a good relationship with many UK quarries and is able to deliver directly to the customer and therefore save them money. Prices fluctuate on a daily basis so customers can call Braithwaites directly for an up-to-date price.

Braithwaites Haulage is a family business run by Paul Braithwaite for the last 15 years from its base in Redmire near Leyburn, North Yorkshire.

> Paul said: "We're always looking to adapt our business to suit our customer needs and changing our operating hours was a no brainer."

The last few years of the pandemic has seen a great gardening boom where people have turned to their garden as a refuge and stress relief.

> Paul added: "Gardens are an extension to the home and our gravel bulk bags have been really popular as an affordable way to easily transform your outside space."

The most popular types of decorative gravel include dove grey gravel, Yorkshire cream gravel and black basalt.

Gravel bulk bags are much cheaper than buying small bags from the DIY store. But moreover, Braithwaites also supply gravel as loose loads which is very cost effective for larger projects such as driveways or pathways.

Braithwaites also have a fleet of curtainsiders for the safe and secure delivery of a wide range of consignments throughout the UK.

As well as working 7 days a week, Braithwaites have also increased their operating hours to 6am-6pm Monday to Friday, 6am-4pm Saturdays and 9am-1pm Sundays.
